How to Report Once for 2014 Medicare Quality Reporting Programs: Individual Eligible Professionals

Overview

This document serves as a guide to individual eligible professionals wishing to report quality measures one time during the 2014 program year in order to become incentive eligible for the 2014 Physician Quality Reporting System (PQRS), avoid the 2016 PQRS payment adjustment, and satisfy the clinical quality measure (CQM) component of the Electronic Health Record (EHR) Incentive Program.

How to Report Once for 2014 Medicare Quality Reporting Programs: Individual Eligible Professionals

Note:

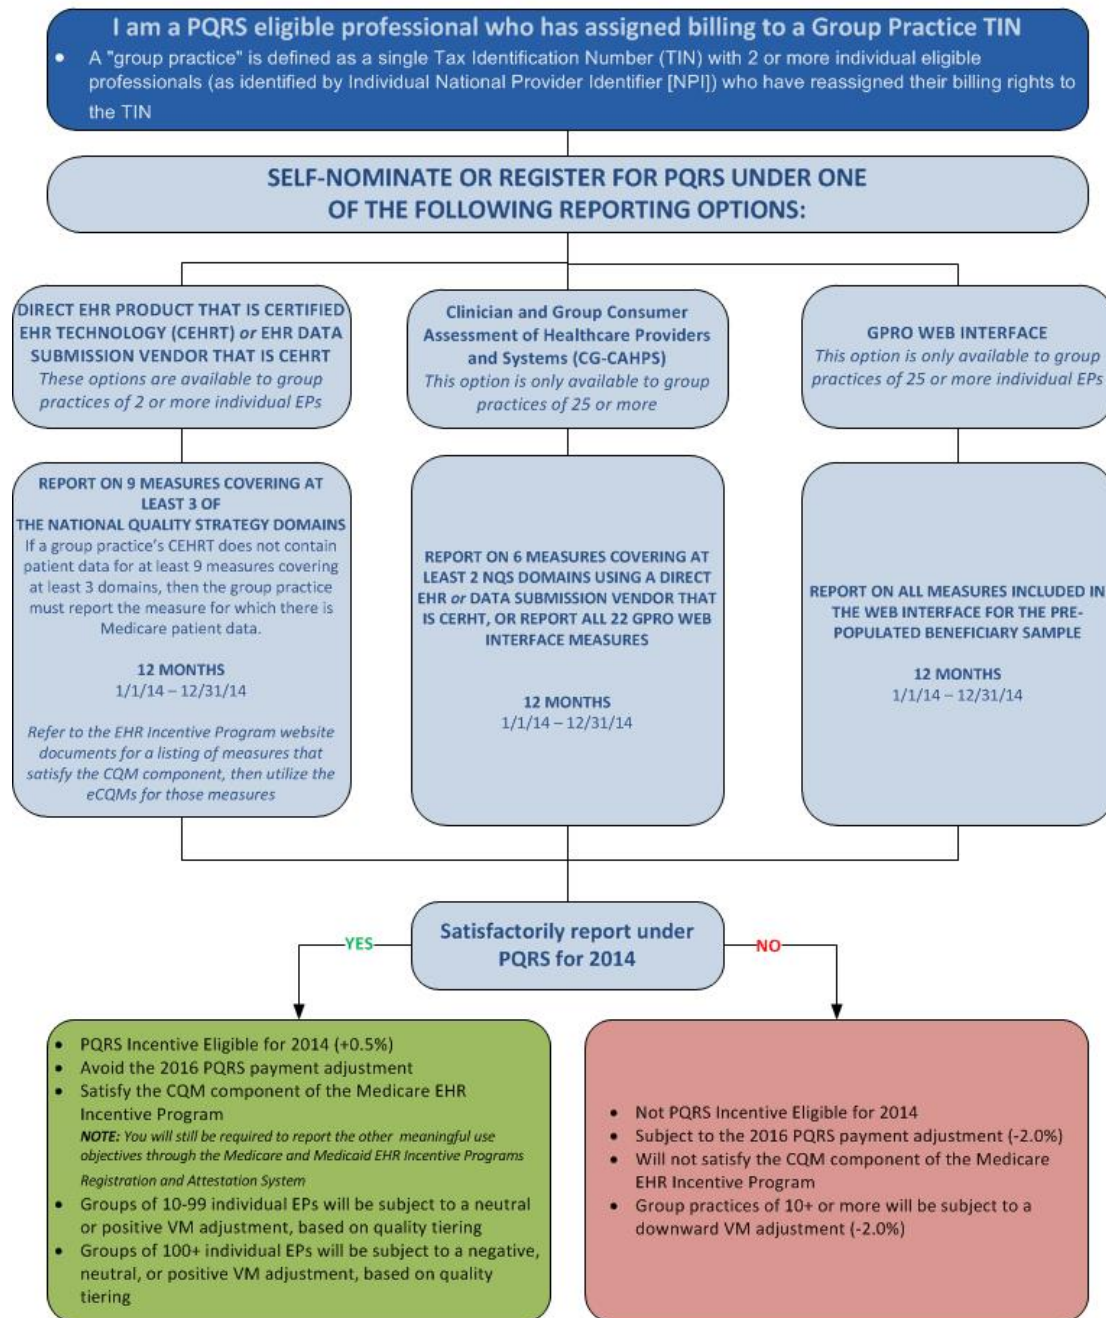

- For the 2014 program year, group practices of 10 or more individual EPs will be considered for a Value Modifier payment adjustment if at least 50% of the individual eligible professionals successfully avoid the 2016 PQRS payment adjustment.
- PQRS EHR reporting option for MU is only available to EPs with EHRs certified to the June 2013 version of the eQMs (except for CMS140v1: Breast Cancer: Hormonal Therapy for Stage IC - IIIC Estrogen Receptor/Progesterone Receptor (ER/PR) Positive Breast Cancer where the EHR needs to be certified to the Dec 2012 version). EPs whose EHRs are not certified to the version of eCQM required by PQRS will still need to attest their CQMs for MU and select a different reporting method for PQRS reporting.
- The reporting period for 2014 PQRS is 12 months; The EHR Incentive Program's 90-day reporting period does not apply to PQRS.
