

## Recommended On-Line FEMA Training Course National Response Framework (NRF)

FEMA's Emergency Management Institute (EMI) offers free on-line training on the *National Response Framework (NRF)* and provides participants with an official FEMA Certificate of Completion upon successful completion of the course.

Healthcare workers and support staff completing this comprehensive program will gain a better understanding of the concepts utilized in the Nursing Home Incident Command System (NHICS).

It is recommended that select staff members of Long Term Care facilities including executive staff and those who are part of the facility's NHICS Incident Management Team (IMT) complete this comprehensive training program.

### IS-800.B National Response Framework, An Introduction

#### Course Overview

The course introduces participants to the concepts and principles of the National Response Framework.

#### Course Objectives

At the end of this course, you will be able to describe:

- The purpose of the National Response Framework.
- The response doctrine established by the National Response Framework.
- The roles and responsibilities of entities as specified in the National Response Framework.
- The actions that support national response.
- The response organizations used for multiagency coordination.
- How planning relates to national preparedness.

#### Primary Audience

This course is intended for government executives, private-sector and nongovernmental organization (NGO) leaders, and emergency management practitioners. This includes senior elected and appointed leaders, such as Federal department or agency heads, State Governors, mayors, tribal leaders, and city or county officials – those who have a responsibility to provide for effective response.

**Prerequisite:**

None

**CEUs:**

0.3

**Course Length:**

3 hours

The classroom version of IS 800b takes approximately 8 hours to deliver.
