

* Integration of Oral Health and Behavioral Health

Huong N. Le, DDS, MA
Chief Dental Officer
Asian Health Services
Oakland, CA

- * Opened in June 2003
- * AHS health center was founded in 1974
- * 66 medical exam rooms, 11 dental operatories, BH 4 FTE
- * 27,000 patients/ 6,000 dental
- * Two fixed sites, three school sites, new clinic planned for January 2017 opening

* ASIAN HEALTH SERVICE DENTAL PROGRAM

- * Pediatric referral- Fluoride varnish, Fluoride Application card- "Two is TOO late!"
- * Perinatal referral: received ADA Samuel Harris grant in 2015
- * Primary Care: cross referral-oral pathology, BP, diabetes, HIV
- * Behavioral Health-started November 2014-BH trained dental staff. Patient Health Questionnaire developed: screen BH patients for dental needs and screen depression in seniors in dental

* Integrative care model

- * Dental patient noted in PHQ she was contemplating suicide on first day of implementation
- * Referred patient to BH counselor via email, same day visit
- * Follow up

* Warm Hand-off #1

- * Domestic violent patient in dental
- * Emailed BH staff who called us right away
- * BH staff came over to talk to patient
- * Patient was followed up by both dental and BH staff
- * Other social services are being managed by BH staff and communication is ongoing to insure patient is safe

* Warm Hand-off #2

- * New BH manager
- * Working on a better way to insure warm hand-off: phone/email tree, person in charge
- * Ongoing training on both dental and BH

* Work in progress
